YOUR VISION BROUGHT TO LIFE.

Frameless

Discover elegant simplicity. The shaped mirror range is entirely frameless, so it's perfect for those who want a simplistic yet contemporary look and feel. Whilst typically used in bathrooms, designers incorporate frameless mirrors throughout the entire home.

Shapes

Within the Regency range, there are five shapes to choose from. So no matter your design theme, whether it be Moroccan, Scandinavian or Bohemian, you'll find a mirror to complement your style. And now with the choice of silver, grey and bronze, you can match it to the finer details of your room.

Installation

At Regency, we understand building or renovating your home is a daunting process. That's why our installation team will deliver and install your mirror on the spot. All you have to do is decide on the shape that best reflects your style.

Sizes

Each shape comes in multiple sizes, but if you don't see the size you're after our team will custom build a mirror just for you.
